Parents and Guardians,

This message is pertaining to the learning schedule the District will implement to preserve a safe return to in person learning after each holiday break. Remote learning will be extended after each holiday break to make certain that everyone has the opportunity to quarantine prior to returning to in person learning. The District has decided to implement the following schedule for student learning.

Remote learning will be extended for all schools until December 4.

Hybrid learning will resume on December 7 for all schools until December 23.

Remote learning will be implemented January 4 through January 8 for all schools.

Hybrid learning will resume on January 11 District wide.

Hybrid Learning

This plan was developed to provide all students and staff the opportunity to quarantine prior to coming back into the school and as an effort to eliminate any break outs. Teachers will be available during their normal work hours as per each building. This correspondence will be on the District’s website.

Please be reminded that this plan is subject to change as to the guidance/recommendations of the State and County Health Departments and/or the federal government.

Thank you for your understanding and cooperation.

Sincerely,  
Jeffrey T. Soles, Superintendent
