Parents and Guardians,

We made it through a whole week of in person learning, it has been quite a while since our students and teachers experienced this. Everyone is working hard and adhering to guidelines. The District has seen an increase in all schools’ enrollment and are very happy to have the students returning to the schools.

As part of our communication plan each school will be publishing a monthly newsletter. The newsletters will be emailed out to parents and guardians the first Friday of each month. Please make certain if you would like to receive the newsletter to provide your child’s school office with an accurate email.

We want to wish all the Titan teams and Organizations good luck as they have started competing.

The District will be transitioning to electronic notifications to parents. This message will be sent via text and email. The all call system will provide parents with a brief message and a link to information.

It is imperative that you make certain your contact information is correct and updated with your student’s school office. Please include phone numbers and email addresses that you want information sent to.

A date to remember is November 2, 2021, election day. Students and teachers will be working remotely on this day.

Thank you and have a great Labor Day weekend.
